### **Report on the financial statements**

We have audited the accompanying financial statements of St. Edmond's Home for Crippled Children (the "Organization"), which comprise the statements of financial position as of June 30, 2016 and 2015, and the related statements of activities and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

### **Management's responsibility for the financial statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of St. Edmond's Home for Crippled Children as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2016 and 2015

NOTE A - ORGANIZATION

St. Edmond's Home for Crippled Children ("St. Edmond's") is a residential facility of the Archdiocese of Philadelphia located in Rosemont, Delaware County, Pennsylvania. St. Edmond's serves 41 physically handicapped/intellectually disabled children between the ages of 6 and 21 years of age with a licensed capacity of 44 beds.

Catholic Charities of the Archdiocese of Philadelphia, operating as Catholic Social Services of the Archdiocese of Philadelphia ("CSS") established in 1919, is a multi-faceted social services organization whose departments offer a wide range of services to meet the needs of children, adults and families including adoption and foster care programs. CSS functions as a self-contained entity and maintains separate financial statements for each of its operations. St. Edmond's is one of the entities operating under CSS.

The accompanying financial statements include programs operated and administered by St. Edmond's.

The Archdiocese of Philadelphia (the "Archdiocese") was proclaimed a Catholic diocese in 1808 and raised to an Archdiocese in 1875. The Archdiocese oversees the activities of the Roman Catholic Church (the "Church") for the five counties of Philadelphia, Bucks, Chester, Delaware and Montgomery in the southeastern part of the Commonwealth of Pennsylvania and is operated in accordance with the provisions of the 1983 Code of Canon Law, as amended, of the Church. St. Edmond's, which is related, is operated separately and distinctly from the Archdiocese of Philadelphia.

Catholic Charities Appeal, a separate legal corporation and a related organization, raises money for certain organizations within the Archdiocese, including St. Edmond's.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America ("US GAAP"). St. Edmond's presents its financial statements in accordance with the guidance set forth by the Financial Accounting Standards Board ("FASB") in regard to *Financial Statements of Not-for-Profit Organizations*. Accordingly, St. Edmond's net assets and revenues, expenses, gains and losses are classified into three categories, based on the existence or absence of donor-imposed restrictions. The categories are permanently restricted, temporarily restricted and unrestricted net assets.

Permanently restricted net assets include the historical dollar amounts of contributions, including pledges, trusts and remainder interests, which are required by donors to be permanently retained. Capital appreciation, if permanently restricted by the donor or a third party, is included in permanently restricted net assets.

Temporarily restricted net assets include contributions, including pledges, trusts, remainder interests, income and appreciation, which can be expended but for which restrictions have not yet been met. Such restrictions include purpose restrictions where donors have specified the purpose for which the net assets are to be spent, or time restrictions imposed by donors or implied by the nature of the gift.

(Continued)

**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2016 and 2015

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Unrestricted net assets are not subject to donor-imposed restrictions. Unrestricted net assets may be designated for specific purposes by action of the Board of Trustees.

2. Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. These significant estimates include the allowance for doubtful accounts, useful lives of depreciable assets, the fair value of investments and beneficial interest in net assets held by affiliated organization. Actual results could differ from those estimates.

3. Cash and Cash Equivalents

St. Edmond's considers investments in highly liquid securities, authorized by management, purchased with a maturity of three months or less from the date purchased, to be cash equivalents. With the exception of escrow client funds, for the years ended June 30, 2016 and 2015, St. Edmond's possessed only petty cash held on site.

4. Accounting for Long-Lived Assets

St. Edmond's continually evaluates whether events and circumstances have occurred that indicate the remaining estimated useful life of long-lived assets may warrant revision or that the remaining balance may not be recoverable. When factors indicate that long-lived assets should be evaluated for possible impairment, St. Edmond's uses an estimate of the related undiscounted operating income over the remaining life of the long-lived asset in measuring whether the long-lived asset is recoverable. The impairment loss on these assets is measured as the excess of the carrying amount of the asset over its fair value. Fair value is based on market prices where available, or discounted cash flows. St. Edmond's believes that no revision to the remaining useful lives or write-down of long-lived assets were required at June 30, 2016 and 2015.

5. Escrow Client Funds

St. Edmond's acts as trustee over funds held for its residents. Expenditures of resident funds are authorized by the residents or their families. Generally, the funds are used to cover the costs of personal items which are not covered by the daily general service charge or special charges. These funds are returned to the resident, family or estate upon discharge or death.

(Continued)

**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2016 and 2015

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

6. Investments

On April 30, 2015, various funds previously held in the Non-Pension Asset Portfolio (the "NPAP") administered by the Archdiocese were liquidated and re-invested with a newly hired investment company, SEI Private Trust Company ("SEI"), a provider of institutional asset management services. SEI created two publicly traded Catholic Values mutual funds: the Catholic Values Equity Fund and the Catholic Values Fixed Income Fund ("Catholic Values Funds"), which provide Catholic institutions with high quality investment products that align with their core values, without sacrificing diversification or return potential. Specifically, the Catholic Values Funds align with the investment directives set forth by the United States Conference of Catholic Bishops ("USCCB"). The Archdiocese appointed SEI to act as custodian (the "Custodian") of the investments, which consist of certain cash and securities and are more fully described in Note C.

Investments are reported at fair value. Realized gains and losses are reported to the participant monthly. Gains and losses created at the participant level due to sales are recorded in the specific participant accounts. Unrealized gains and losses are included in the statements of activities and changes in net assets as net appreciation or depreciation in the fair value of investments.

7. Beneficial Interest in Net Assets Held by Affiliated Organization

Beneficial interest represents the net assets of a financially interrelated organization which raises funds for the benefit of St. Edmond's. Changes in the value of the beneficial interest are recorded in the statements of activities and changes in net assets.

8. Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. However, if a restriction is fulfilled in the same time period in which the contribution is received, St. Edmond's reports the support as unrestricted. When a stipulated time restriction or purpose restriction is satisfied, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities and changes in net assets as net assets released from restrictions.

Contributions of long-lived assets received without donor stipulations are reported as unrestricted revenue at the fair value of the date of the gift. Contributions of other assets specified for the acquisition or construction of long-lived assets are reported as restricted support; those restrictions expire when the assets are placed in service.

Unconditional promises to give ("pledges") are recorded as receivables and revenues within the appropriate net asset category, all of which will be collected within one year. See Note G for more information on pledges.

(Continued)

**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2016 and 2015

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

9. Governmental Revenue

St. Edmond's receives its funding through contracts with Pennsylvania, various cities and counties, federal programs and agreements with managed care and insurance organizations. These contracts/agreements are generally fee-for-service agreements. The ultimate determination of amounts reimbursable under cost reimbursement contracts/agreements is based upon allowable costs to be reported to and subject to audit by grantors and/or their agents.

Net program service revenues are from funding sources under fee-for-service contracts for several of St. Edmond's programs. For other programs, St. Edmond's receives program service fees from funding sources under per diem-type contracts for certain programs and unit prices for outpatient services. Revenue for these programs is recorded when the services are provided, while adjustments to prior recognized revenues are recorded in following periods, as final settlements are determined. St. Edmond's recorded \$780,104 and \$1,155,171 for the years ended June 30, 2016 and 2015, respectively, related to settlements received for prior years.

St. Edmond's is subject to numerous laws and regulations of federal, state, and local governments. Compliance with these laws and regulations can be subject to government review and interpretation, as well as regulatory actions unknown and unasserted at this time. Government activity in the health care industry has increased with respect to investigations and allegations concerning possible violations of regulations by health care providers, which could result in the imposition of significant fines and penalties, as well as significant repayments of previously billed and collected revenues for client services.

As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Management believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing.

10. Allowance for Doubtful Accounts

St. Edmond's continually monitors accounts receivable for collectability issues. The allowance is based upon management's judgment and is determined by considering a number of factors, including the length of time accounts receivable are past due, St. Edmond's previous loss history, the nature of the service provided and other pertinent factors. St. Edmond's writes off accounts receivable when they become uncollectible, and payments subsequently received on such receivables are credited to the allowance for doubtful accounts.

11. Allocated Expenses - Archdiocese of Philadelphia - Catholic Social Services

CSS provides administrative and accounting services for institutions and group homes, including St. Edmond's. The total expenses incurred by CSS in providing services are accumulated and allocated on a pro rata basis to the institutions and group homes. The allocated amount is recorded as a general and administrative expense in the statements of activities and changes in net assets. Any difference between the allocation and the amount charged to the institution or group homes during the year is considered a contribution of services from CSS.

June 30, 2016 and 2015

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

12. Property, Plant and Equipment

Land, buildings, building improvements, automobiles, and furniture and equipment are capitalized at cost or their fair value if donated. Depreciation is computed on a straight-line basis and recognized as expense over the estimated useful life of the related assets, which are as follows:

Building	40 years
Building improvements	15-20 years
Furniture and equipment	5-10 years

13. New Accounting Pronouncements

In May 2014, the FASB issued Accounting Standards Update ("ASU") 2014-09, *Revenue from Contracts with Customers*, to improve financial reporting by creating common revenue recognition guidance. The core principle of this guidance is that an entity should recognize revenue in an amount that reflects the consideration to which the entity expects to be entitled in exchange for these goods and services at the date the performance obligation has occurred. ASU 2014-09 is effective for periods beginning after December 15, 2017. An entity will apply this update using either a full retrospective application, which applies the standard to each prior period presented, or under the modified retrospective application, in which an entity recognizes the cumulative effect of initially applying the new standard as an adjustment to the opening statement of financial position at the date of initial application. St. Edmond's has not determined the impact of ASU 2014-09 at this time.

In August 2016, the FASB issued a new standard related to the presentation of financial statements of not-for-profit entities. This standard intends to make certain improvements to the current reporting requirements for not-for-profit entities including: (1) the presentation for two classes of net assets at the end of the period, rather than the currently required three classes, as well as the annual change in each of the two classes; (2) the removal of the requirement to present or disclose the indirect method (reconciliation) when using the direct method for the statement of cash flows; and (3) the requirement to provide various enhanced disclosures relating to various not-for-profit specific topics. The new standard is effective for annual financial statements beginning after December 15, 2017. St. Edmond's has not determined the impact of the new standard at this time.

*Liquidity Sub-account (or "fund")* - Investments are liquid in nature and invested in short-duration U.S. government bonds.

Account holders have the option of six asset classifications in which to invest. The options include a short-duration U.S. government bond fund, a 100% fixed income bond fund and four equity funds with varying fixed income to equity mixes of 30/70, 50/50, 60/40 or 70/30. The Investment Committee has primary responsibility for determining fixed income to equity mix. The asset mix of the mutual funds is SEI's responsibility.

<u>2016</u>	<u>Unrestricted</u>	<u>Temporarily restricted</u>	<u>Permanently restricted</u>	<u>Total</u>

Prior to April 30, 2015, the investment in the Trustee Account consisted of investments in the NPAP and other investment accounts. For administrative and other needs, the Archdiocese formed the NPAP to pool together certain investments in order to more efficiently manage the investments of various entities and related organizations within the Archdiocese. The investments in the NPAP were held by a custodian and were managed based on sub-accounts as follows:

*Equity Sub-account (or "fund")* - Invested in common stocks and was managed by multiple investment managers.

*Fixed Income Sub-account (or "fund")* - Invested in mutual funds, corporate obligations, United States Treasury obligations and municipal obligations and was managed by multiple investment managers.

*Liquidity Sub-account (or "fund")* - Investments were liquid in nature and used to buy and sell units of the equity and fixed income funds or for expected short-term needs.

The NPAP was unitized on a periodic basis to allow for the investment, at unit value, by entities in the NPAP. St. Edmond's investment in the NPAP is stated at unit value.

The Investment Committee of the Archdiocese of Philadelphia has primary responsibility for determining the asset investment allocations to be used. Management of the Archdiocese is responsible for ensuring that asset investment allocations among the funds are maintained as determined by the Investment Committee.

**NOTE H - FAIR VALUE MEASUREMENTS**

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 Quoted prices in active markets for identical assets or liabilities as of the measurement date.
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the same term of the assets or liabilities.
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fair value calculations may not be indicative of net realizable value or reflective of future fair values. Furthermore, although St. Edmond's believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
