Report on the financial statements

We have audited the accompanying financial statements of St. Gabriel's System (the "Organization"), which comprise the statements of financial position as of June 30, 2018 and 2017, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

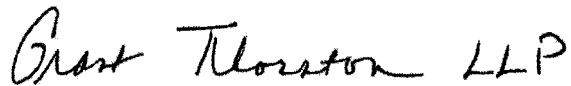

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of St. Gabriel's System as of June 30, 2018 and 2017, and its activities and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Supplementary information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedules of revenue and operating expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

June 30, 2018 and 2017

NOTE A - ORGANIZATION

St. Gabriel's System ("St. Gabriel's") is a multi-service agency of the Archdiocese of Philadelphia providing residential and community based services for court adjudicated delinquent boys and young men at three facilities. These facilities are St. Gabriel's Hall, De La Salle Vocational, and Aftercare Programs.

The accompanying financial statements include programs operated and administered by St. Gabriel's.

Catholic Charities of the Archdiocese of Philadelphia, operating as Catholic Social Services of the Archdiocese of Philadelphia ("CSS") established in 1919, is a multi-faceted social services organization whose departments offer a wide range of services to meet the needs of children, adults and families including adoption and foster care programs. CSS functions as a self-contained entity and maintains separate financial statements for each of its operations. St. Gabriel's is one of the organizations.

The Archdiocese of Philadelphia (the "Archdiocese") was proclaimed a Catholic diocese in 1808 and raised to an Archdiocese in 1875. The Archdiocese oversees the activities of the Roman Catholic Church (the "Church") for the five counties of Philadelphia, Bucks, Chester, Delaware and Montgomery in the southeastern part of the Commonwealth of Pennsylvania and is operated in accordance with the provisions of the 1983 Code of Canon Law, as amended, of the Church. St. Gabriel's, which is related, is operated separately and distinctly from the Archdiocese.

Catholic Charities Appeal, a separate legal corporation and a related organization, raises money for certain organizations within the Archdiocese, including St. Gabriel's.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America ("US GAAP"). St. Gabriel's presents its financial statements in accordance with the guidance set forth by the Financial Accounting Standards Board ("FASB") in regard to *Financial Statements of Not-for-Profit and Healthcare Organizations*. Accordingly, St. Gabriel's net assets and its revenues, expenses, gains and losses are classified into three categories, based on the existence or absence of donor-imposed restrictions. The categories are unrestricted, temporarily restricted and permanently restricted net assets.

Unrestricted net assets are not subject to donor-imposed restrictions. Unrestricted net assets may be designated for specific purposes by action of the Board of Trustees.

Temporarily restricted net assets include contributions, including pledges, trusts, remainder interests, income and appreciation which can be expended but for which restrictions have not yet been met. Such restrictions include purpose restrictions where donors have specified the purpose for which the net assets are to be spent, or time restrictions imposed by donors or implied by the nature of the gift.

(Continued)

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2018 and 2017

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Permanently restricted net assets include the historical dollar amounts of contributions, including pledges, trusts, and remainder interests, which are required by donors to be permanently retained. Capital appreciation, if permanently restricted by the donor or a third party, is included in permanently restricted net assets.

2. Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The most significant management estimates and assumptions include the allowance for doubtful accounts, useful lives of depreciable assets and the fair values of investments. Actual results could differ from those estimates.

3. Accounting for Long-Lived Assets

St. Gabriel's continually evaluates whether events and circumstances have occurred that indicate the remaining estimated useful life of long-lived assets may warrant revision or that the remaining balance may not be recoverable. When factors indicate that long-lived assets should be evaluated for possible impairment, St. Gabriel's uses an estimate of the related undiscounted operating income over the remaining life of the long-lived asset in measuring whether the long-lived asset is recoverable. The impairment loss on these assets is measured as the excess of the carrying amount of the asset over its fair value. Fair value is based on market prices where available, or discounted cash flows. St. Gabriel's believes that no revision to the remaining useful lives or write-down of long-lived assets were required at June 30, 2018 and 2017.

4. Investments

SEI, a provider of institutional asset management services, created two publicly traded Catholic Values mutual funds: the Catholic Values Equity Fund and the Catholic Values Fixed Income Fund ("Catholic Values Funds"), which provide Catholic institutions with high-quality investment products that align with their core values, without sacrificing diversification or return potential. Specifically, the Catholic Values Funds align with the investment directives set forth by the United States Conference of Catholic Bishops ("USCCB"). The Archdiocese appointed SEI Private Trust Company to act as custodian (the "Custodian") of the investments, which consist of certain cash and securities and are more fully described in Note C.

Investments are reported at fair value. Realized gains and losses are reported to the participant monthly. Gains and losses created at the participant level due to sales are recorded in the specific participant accounts. Unrealized gains and losses are included in the statements of activities as net realized and unrealized gains (losses) on investments.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

5. Governmental Revenue

St. Gabriel's receives its funding through contracts with various cities and counties, federal programs and agreements with managed care and insurance organizations. These contracts/agreements generally fall into two categories: cost reimbursement and fee-for-service. The ultimate determination of amounts reimbursable under cost reimbursement contracts/agreements is based upon allowable costs to be reported and subject to audit by grantors and/or their agents.

Net program service revenues are from funding sources under cost reimbursement-type contracts for several of St. Gabriel's programs. St. Gabriel's records revenues under such contracts as costs are incurred. For other programs, St. Gabriel's receives program service fees from funding sources under per diem-type contracts for certain programs and unit prices for outpatient services. Revenue for these programs is recorded when the services are provided. Retroactive adjustments are recorded in the period that final settlements are determined. There were no retroactive adjustments recorded related to prior period final settlements as of June 30, 2018 and 2017.

St. Gabriel's is subject to numerous laws and regulations of federal, state, and local governments. Compliance with these laws and regulations can be subject to government review and interpretation, as well as regulatory actions unknown and unasserted at this time. Government activity in the health care industry has increased with respect to investigations and allegations concerning possible violations of regulations by health care providers, which could result in the imposition of significant fines and penalties, as well as significant repayments of previously billed and collected revenues of client services. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Management believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing.

6. Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. However, if a restriction is fulfilled in the same time period in which the contribution is received, St. Gabriel's reports the support as unrestricted. When a stipulated time restriction or purpose restriction is satisfied, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

Contributions of long-lived assets received without donor stipulations are reported as unrestricted revenue at the fair value of the date of the gift. Contributions of other assets specified for the acquisition or construction of long-lived assets are reported as restricted support; those restrictions expire when the assets are placed in service.

Unconditional promises to give ("pledges") are recorded as receivables and revenues within the appropriate net asset category, all of which will be collected within one year. See Note G for more information on pledges.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

7. Allowance for Doubtful Accounts

St. Gabriel's continually monitors accounts receivable for collectability issues. The allowance is based upon management's judgment and is determined by considering a number of factors, including the length of time accounts receivable are past due, St. Gabriel's previous loss history, the nature of the service provided and other pertinent factors. St. Gabriel's writes off accounts receivable when they become uncollectible, and payments subsequently received on such receivables are credited to the allowance for doubtful accounts.

8. Contributed Services, Goods and Rent

Contributed services and goods represents the difference between the stipend allowance paid for the religious personnel performing work for St. Gabriel's and the compensation which would be paid to lay persons possessing similar qualifications and performing similar work. Contributed rent includes rent on the premises used by St. Gabriel's which are owned by other entities within the Archdiocese and for which no rent is charged. These amounts are reported as both revenue and expenses in the statements of activities.

9. Allocated Expenses - Archdiocese of Philadelphia - Catholic Social Services

CSS provides administrative and accounting services for institutions and group homes, including St. Gabriel's. The total expenses incurred by CSS in providing services are accumulated and allocated on a pro rata basis to the institutions and group homes. The allocated amount is reported as an administrative and general expense in the statements of activities. Any difference between the allocation and the amount charged to the institutions and group homes during the year is considered a contribution of services from CSS.

10. Property, Plant and Equipment

Buildings, building improvements and equipment are capitalized at cost or at their fair market value if donated. Depreciation for fixed assets is computed on a straight-line basis over the estimated useful lives of the assets, which are as follows:

Building	20 years
Building improvements	20 years
Equipment	3 - 5 years

11. Pending Accounting Pronouncements

In May 2014, the FASB issued Accounting Standards Update (“ASU”) 2014-09, *Revenue from Contracts with Customers*, to improve financial reporting by creating common revenue recognition guidance. The core principle of this guidance is that an entity should recognize revenue in an amount that reflects the consideration to which the entity expects to be entitled in exchange for these goods and services at the date the performance obligation has occurred. ASU 2014-09 is effective for periods beginning after December 15, 2018. An entity will apply this update using either a full retrospective application, which applies the standard to each prior period presented, or under the modified retrospective application, in which an entity recognizes the cumulative effect of initially applying the new standard as an adjustment to the opening statement of financial position at the date of initial application. St. Gabriel's has not determined the impact of ASU 2014-09 at this time.

In August 2016, the FASB issued ASU 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities*. This standard intends to make certain improvements to the current reporting requirements for not-for-profit entities including: (1) the presentation for two classes of net assets at the end of the period, rather than the currently required three classes, as well as the annual change in each of the two classes; (2) the removal of the requirement to present or disclose the indirect method (reconciliation) when using the direct method for the statement of cash flows; and (3) the requirement to provide various enhanced disclosures relating to various not-for-profit specific topics. The new standard is effective for annual financial statements beginning after December 15, 2017. St. Gabriel's is evaluating the pronouncement at this time.

NOTE C - INVESTMENTS

The investment in the Trustee Account and other investments are reported at fair value and consist of the following:

Catholic Values Equity Fund (or “fund”) - Invests in common stocks and is managed by SEI. The equity fund is valued at the closing price of the traded fund.

Catholic Values Fixed Income Fund (or “fund”) - Invests in mutual funds, corporate obligations, United States Treasury obligations and municipal obligations and is managed by SEI. The fixed income fund is valued at the closing price of the traded fund.

Account holders have the option of six asset classifications in which to invest. The options include a short-duration U.S. government bond fund, a 100% fixed income bond fund and four equity funds with varying fixed income to equity mixes of 30/70, 50/50, 60/40 or 70/30. The Investment Committee of the Archdiocese of Philadelphia has primary responsibility for determining fixed income to equity mix. The asset mix of the mutual funds is SEP's responsibility. Management of the Archdiocese is responsible for ensuring that asset investment allocations among the funds are maintained as determined by the Investment Committee of the Archdiocese of Philadelphia.

At June 30, 2018 and 2017, all investments are considered unrestricted.

NOTE G - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 Quoted prices in active markets for identical assets or liabilities as of the measurement date.
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the same term of the assets or liabilities.
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fair value calculations may not be indicative of net realizable value or reflective of future fair values. Furthermore, although St. Gabriel's believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE H - PENSION PLANS

1. Lay Employees' Retirement Plan - frozen effective June 30, 2014

Through June 30, 2014, the eligible lay employees of St. Gabriel's were covered under the Archdiocese of Philadelphia Lay Employees' Retirement Plan (the "Plan"), which is a defined benefit pension plan covering substantially all lay employees of the Archdiocese of Philadelphia, based on age and service requirements. The Plan is administered by the Trustees of the Plan. St. Gabriel's made annual contributions to the Plan at rates of 5.9% of the salaries of eligible employees for the years ended June 30, 2018 and 2017. The amount expensed by St. Gabriel's for contributions to the Plan was \$648,669 and \$668,958 for the fiscal years ended June 30, 2018 and 2017, respectively. Separate accounts for vested benefits and pension fund assets are not maintained for each institution.

On November 5, 2013, the Archdiocese of Philadelphia Office for Financial Services ("OFS") announced that it would freeze the Plan effective June 30, 2014. All current employees at the time of the announced freeze retained benefits they had earned and continued to accrue benefits through the effective date. After the effective date, accrued pension benefits under the Plan do not increase for current employees for additional service or increases in pay after the freeze date.

2. Archdiocese of Philadelphia 403(b) Retirement Plan

The Archdiocese of Philadelphia established a 403(b) defined contribution plan, under which, and subject to statutory limits, all employees at least 18 years of age are immediately eligible to make voluntary deferred salary contributions into the 403(b) plan.

Employer contributions, which cover employees meeting the eligibility requirements below, are discretionary. The following are the eligibility requirements for the employer contributions:

- *Grandfathered Employees* - Any employee who was accruing benefits as an active participant in the Plan as of its freeze date of June 30, 2014 is a grandfathered employee and will be eligible to receive employer contributions beginning with the first payroll on or after September 1, 2014.
- *Non-Grandfathered Employees* - Non-grandfathered employees are eligible to receive the employer contribution beginning with the first payroll coinciding with or immediately following the completion of 1,000 hours of service during the 18-month period beginning July 1, 2014 through December 31, 2015. The employee must also have attained at least 18 years of age to be eligible. For a non-grandfathered employee hired prior to July 1, 2014 who does not meet the eligibility requirements for an employer contribution in the time frame described above, the period for determining whether or not one meets the 1,000 hour service requirement will shift to the calendar year beginning January 1, 2016.
- *Vesting* - Vesting in employer contributions to a 403(b) plan account will be immediate for any grandfathered employee who has completed 12 months of service as of June 30, 2014. Vesting in employer contributions for all other employees will take place after the completion of 12 months of service.

In fiscal years 2018 and 2017, the Archdiocese of Philadelphia employer contribution rate was 4.5% of base salary for eligible employees. The contributions by St. Gabriel's into the 403(b) plan totaled \$494,747 and \$553,760 for the years ended June 30, 2018 and 2017, respectively.
