Report on the financial statements

We have audited the accompanying combined financial statements of the Archdiocese of Philadelphia Office of Catholic Cemeteries (the "Cemeteries Office"), which comprise the combined statements of financial position as of June 30, 2017 and 2016, and the related combined statements of activities and changes in net assets and cash flows for the years then ended, and the related notes to the combined financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these combined financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of the Archdiocese of Philadelphia Office of Catholic Cemeteries as of June 30, 2017 and 2016, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of matters

We draw attention to Note A to the combined financial statements, which describes the legal structure of the Cemeteries Office within the Archdiocese of Philadelphia, and Note C.13, which details the Cemeteries Office's adoption of new accounting guidance related to the classification of restricted cash in the combined statements of cash flows. Our opinion is not modified with respect to these matters.

Other matter

Our audits were conducted for the purpose of forming an opinion on the combined financial statements taken as a whole. The supplementary information contained in the accompanying combining statement of financial position as of June 30, 2017 and the related combining statement of activities and changes in net assets for the year then ended are presented for purposes of additional analysis rather than to present the financial position and results of operations of the individual entities and are not a required part of the combined financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements. The information has been subjected to the auditing procedures applied in the audits of the combined financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the combined financial statements as a whole.

NOTES TO COMBINED FINANCIAL STATEMENTS

June 30, 2017 and 2016

NOTE A - NATURE OF OPERATIONS

The Archdiocese of Philadelphia Office of Catholic Cemeteries (the "Cemeteries Office") is a department of the Archdiocese of Philadelphia ("Archdiocese") used to provide for the burial of the faithful according to the rites and disciplines of the Catholic Church, and for the care and maintenance of their resting places. The origin of the Cemeteries Office dates back to the founding of Cathodral Cemetery in 1849 in West Philadelphia. The Cemeteries Office provides care to 13 diocesan cemeteries throughout five counties in Pennsylvania.

On September 26, 2013, the Archdiocese entered into a management agreement and a lease agreement (collectively, the "Agreements") with affiliates of StoneMor Partners, L.P. of Levittown, Pennsylvania. Under the terms of the agreements, StoneMor Partners, L.P. guarantees all of the obligations of the affiliates who will operate and/or manage the 13 Archdiocesan cemeteries for a term of 60 years. (StoneMor Partners, L.P. and the aforementioned affiliates are hereinafter referred to as "StoneMor".) In connection with the transaction, the Archdiocese created Philadelphia Catholic Cemeteries, LLC ("PCC"), a Delaware limited liability company. PCC is what is known as a "sole purpose entity" - the sole purpose being to hold title to eight cemeteries that are subject to the lease agreement. Contemporaneously with the commencement of the Agreements on May 28, 2014, the Archdiocese on May 28, 2014 filed deeds transferring title of the aforementioned eight cemeteries to PCC. PCC entered into an arrangement with the Office of Catholic Cemeteries division of the Archdiocese of Philadelphia, pursuant to which the Office of Catholic Cemeteries provides administrative and management support services for PCC. The accompanying combined financial statements include PCC. All intercompany transactions have been eliminated.

The accompanying combined financial statements include the Archdiocese of Philadelphia Cemetery Permanent Lot Care Fund Irrevocable Trust (the "Permanent Care Fund"), which operates under the auspices of the Cemeteries Office. The Permanent Care Fund is an irrevocable trust which has been organized to hold certain funds, which will be used to address the perpetual care obligations upon conclusion of the lease agreement with StoneMor Operating LLC (Note B), upon which the Cemeteries Office resumes responsibility for ongoing and future perpetual care obligations of the cemeteries.

NOTE B - LEASE AGREEMENTS

In connection with the Agreements, StoneMor leases the land and improvements and is conveyed a license to sell the burial rights of the cemeteries. During the term of the Agreements, StoneMor will establish and maintain an Endowment Care Trust Fund and Merchandise Trust Fund from a percentage of the proceeds of the sale of burial rights and delivery and performance of goods, merchandise and services in accordance with state law. The amounts remaining in the Endowment Care Trust Fund will revert to the Archdiocese at the end of the term of the agreement. In addition, existing Archdiocesan cemetery employees became StoneMor employees.

Upon closing on May 28, 2014, the Archdiocese received an upfront lease payment of \$53,000,000. In addition to the upfront lease payment, the Archdiocese will receive annual lease payments beginning in year 6 of the agreement as follows:

- Years 6 through 20: annual lease payments of \$1,000,000
- Years 21 through 25: annual lease payments of \$1,200,000
- Years 26 through 35: annual lease payments of \$1,500,000

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

June 30, 2017 and 2016

NOTE B - LEASE AGREEMENTS - Continued

The lease payments for lease years 6 - 11 may be deferred until year 12. Net proceeds from any future land sales to third parties and certain unrelated income will be shared 51% to the Archdiocese and 49% to StoneMor. The Archdiocese has the option to terminate the agreement without cause in year 11. If elected, the upfront lease payment would be paid back to StoneMor. After the term of the agreements expire, the management of the cemeteries will return to the control of the Archdiocese and the Archdiocese will retain its existing perpetual care funds and all future earnings from this fund.

As a real estate lease, the Cemeteries Office has deferred the lease rental payments received to date and is recognizing these payments, net of working capital transferred to StoneMor of approximately \$1,800,000, into income on a straight-line basis over the life of the lease.

NOTE C - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying combined financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP") using the accrual basis of accounting.

Net assets and their revenues, expenses, gains and losses are classified between unrestricted, temporarily restricted and permanently restricted based upon the existence or absence of donor-imposed restrictions. The Cemeteries Office reports net assets as follows:

<u>Unrestricted - designated for operations</u> - includes all unrestricted resources of the Cemeteries Office and includes the net assets invested in land, mausolea, and property and equipment.

<u>Unrestricted</u> - contractually committed to permanent maintenance - through May 28, 2014 for each lot and crypt sold and collected, the Cemeteries Office designated a flat fee of \$150 per grave and a percentage of the fee per crypt to provide for the future maintenance and preservation of the cemeteries and mausolea. These funds were not contributions; therefore, they are not permanently restricted under US GAAP. Further, the State of Pennsylvania only regulates permanent maintenance funds when they are held by entities other than religious corporations, requiring that such funds be treated as trust funds, prudently invested with the intent of preserving capital and producing a reasonable income. Although the Cemeteries Office is exempt from State regulations, it recognizes a written commitment to invest the principal of the perpetual care fund and to use the income to fund the care of the community mausolea, surroundings and the general maintenance and improvements of the cemeteries.

<u>Temporarily restricted net assets</u> - include gifts, trusts, income and appreciation, for which donor imposed restrictions have not been met. Such restrictions include purpose restrictions where donors have specified the purpose for which the net assets are to be spent, and/or time restrictions imposed by donors or implied by the nature of the gift.

<u>Permanently restricted net assets</u> - include assets with the income to be used for maintenance and care of sites throughout the organization.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

June 30, 2017 and 2016

NOTE C - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

2. Cash and Cash Equivalents

The Cemeteries Office considers all unrestricted highly-liquid investments with an original maturity of three months or less, and that are not held as components of its respective investment portfolio, to be cash equivalents. At June 30, 2017 and 2016, cash equivalents consisted principally of money market funds. The carrying amount of these funds approximates fair value.

3. Restricted Cash

The Cemeteries Office has certain funds that are placed in escrow accounts as required by certain towns whenever a cemetery or a section thereof is developed. The cash is restricted until such time it is released to the Cemeteries Office by the municipality where the cemetery is located.

4. Investments

SEI, a provider of institutional asset management services, created two publicly traded Catholic Values mutual funds: the Catholic Values Equity Fund and the Catholic Values Fixed Income Fund ("Catholic Values Funds"), which provide Catholic institutions with high quality investment products that align with their core values, without sacrificing diversification or return potential. Specifically, the Catholic Values Funds align with the investment directives set forth by the United States Conference of Catholic Bishops ("USCCB"). The Archdiocese appointed SEI Private Trust Company to act as custodian (the "Custodian") of the investments, which consist of certain cash and securities and are more fully described in Notes F and G. Investment allocation decisions are the responsibility of the applicable Archdiocesan entity's board or finance council.

Investments are reported at fair value. Realized gains and losses are reported to the participating entities monthly. Gains and losses realized by the participating entities as a result of sales are recorded in their specific accounts. Unrealized gains and losses are included in the combined statements of activities and changes in net assets as net appreciation or depreciation in the fair value of investments.

5. <u>Inventories</u>

Land held pending conferral of burial privileges represents the cost of land acquired for future cemetery sites. Costs of maintaining the land prior to use as a cemetery, net of revenue received, are capitalized. Once land is released for burials, these costs are transferred to land held for burial privileges within the combined statements of financial position. The cost of land held for burials and cost of the mausoleum are amortized over available lots and crypts as burial and entombment privileges are sold.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

June 30, 2017 and 2016

NOTE C - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

6. Property and Equipment

Property and equipment are capitalized at cost at date of acquisition. Equipment, furniture and fixtures are written off when they are disposed of, as a charge to unrestricted net assets. Repair and maintenance expenditures are expensed as incurred. Depreciation is calculated using the straight-line method based on the estimated useful lives of the assets as follows:

Life (in years)

Equipment, furniture and fixtures Buildings, roads and improvements 7 to 20 years

5 to 40 years

7. Cemetery Revenue

Burial privileges assigned at need are recorded as cemetery revenue in the period the contract is signed. Pre-need revenues and costs of burial rights on cemetery lots and crypts are also recorded in the period the contract is signed. Revenues and related costs attributable to cemetery burial site openings and closings are recorded at the time of sale. Subsequent to May 28, 2014 (Note B), proceeds from any sales of burial rights by StoneMor are conveyed as part of the lease and operating agreement.

A contractually committed restricted perpetual care fund has been established by collecting an amount on each lot and crypt sale in order to provide for the future maintenance and preservation of the cemeteries and mausolea. The amount is recorded as an addition to the unrestricted net assets - contractually committed to permanent maintenance. The investment income from these funds is recorded as unrestricted revenue.

8. Contributions

During the years ended June 30, 2017 and 2016, PNC Bank transferred assets to the Archdiocese that were previously held in trusts for the benefit of certain cemeteries for which PNC Bank was acting as trustee. The Archdiocese invested these funds with SEI and manages the accounts consistent with the intent of the original trust documents. For the years ended June 30, 2017 and 2016, the amount received by the Archdiocese totaled \$1,220 and \$261,470, respectively.

9. Income Tax Status

As part of the Archdiocese, the Cemeteries Office is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code through the Archdiocese's inclusion in the USCCB group ruling and listing in the Official Catholic Directory. Accordingly, the Cemeteries Office qualifies for the charitable contribution deduction. The Cemeteries Office follows the accounting guidance for uncertainties in income tax positions which requires that a tax position be recognized or not recognized based on a "more likely than not" threshold. This applies to positions taken or expected to be taken in a tax return. The Cemeteries Office does not believe its combined financial statements include any material uncertain tax positions. The tax years ended June 30, 2014, 2015 and 2016 are still open to audit for both federal and state purposes.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

June 30, 2017 and 2016

NOTE C - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

10. Use of Estimates

The preparation of combined financial statements in conformity with US GAAP requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the combined financial statements and the reported amounts of revenue and expenses during the reporting period. These estimates include fair value of investments, cost of crypts and lots sold, and useful lives of property and equipment. Actual results could differ from those estimates.

11. Risks and Uncertainties

The Cemeteries Office's financial instruments that are exposed to concentrations of credit risk consist primarily of cash and cash equivalents and investments. Cash and cash equivalents are held in high-quality financial institutions and may exceed the Federal Deposit Insurance Corporation coverage limit. Due to the level of risk associated with cash and investments, it is at least reasonably possible that changes in the values of cash and investments will occur in the near term and that such changes could materially affect the amounts reported in the combined statements of financial position.

12. Assets Held for Sale

The Cemeteries Office has certain land which is being marketed for sale as of June 30, 2017 and 2016. The carrying value of assets held for sale previously classified under land held for burial privileges and road and improvements consists of the following at June 30, 2017 and 2016:

	 2017	 2016
All Saints Cemetery Resurrection Cemetery St. John Neumann Cemetery	\$ 177,190 80,000 <u>3</u>	\$ 177,190 80,000 3
	\$ 257,193	\$ 257,193

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

June 30, 2017 and 2016

NOTE C - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

13. Recently Adopted Accounting Pronouncement

Restricted Cash

During the year ended June 30, 2017, the Cemeteries Office adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2016-18, *Statement of Cash Flows*. This accounting pronouncement requires the statement of cash flows include restricted cash in the amount reflected as cash and cash equivalents. The following table provides a reconciliation of cash, cash equivalents and restricted cash reported within the combined statements of financial position that total to the amounts reflected in the combined statements of cash flows.

	Year ended June 30,				
		2017		2016	
Cash and cash equivalents Restricted cash	\$	431,584 115,057	\$	532,375 114,715	
Total cash, cash equivalents and restricted cash reflected in the combined statements of cash flows	\$	546 , 641	\$ <u></u>	647,090	

14. Recently Issued Accounting Pronouncements

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers, to improve financial reporting by creating common revenue recognition guidance. The core principle of this guidance is that an entity should recognize revenue in an amount that reflects the consideration to which the entity expects to be entitled in exchange for these goods and services at the date the performance obligation has occurred. ASU 2014-09 is effective for periods beginning after December 15, 2017. An entity will apply this update using either a full retrospective application, which applies the standard to each prior period presented, or under the modified retrospective application, in which an entity recognizes the cumulative effect of initially applying the new standard as an adjustment to the opening statement of financial position at the date of initial application. The Cemeteries Office has not determined the impact of ASU 2014-09 at this time.

In August 2016, the FASB issued a new standard related to the presentation of financial statements of not-for-profit entities. This standard intends to make certain improvements to the current reporting requirements for not-for-profit entities including: (1) the presentation for two classes of net assets at the end of the period, rather than the currently required three classes, as well as the annual change in each of the two classes; (2) the removal of the requirement to present or disclose the indirect method (reconciliation) when using the direct method for the statement of cash flows; and (3) the requirement to provide various enhanced disclosures relating to various not-for-profit specific topics. The new standard is effective for annual financial statements beginning after December 15, 2017. The Cemeteries Office has not determined the impact of the new standard at this time.

NOTE G - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 Quoted prices in active markets for identical assets or liabilities as of the measurement date.
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the same term of the assets or liabilities.
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fair value calculations may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Cemeteries Office believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the fair values of the investments held by the Cemeteries Office by level within the fair value hierarchy, as of June 30, 2017:

	Quoted prices in active markets (Level 1)	Significant other observable inputs (Level 2)	Significant inputs supported by little or no market activity (Level 3)	Total fair value
