#### Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Catholic Social Services of the Archdiocese of Philadelphia as of June 30, 2020 and 2019, and the results of its activities and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other matter

Supplementary information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of revenue and operating expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. #### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2020 and 2019

#### **NOTE A - ORGANIZATION**

Catholic Charities of the Archdiocese of Philadelphia, operating as Catholic Social Services of the Archdiocese of Philadelphia ("Catholic Social Services") established in 1919, is a multi-faceted social services organization whose departments offer a wide range of services to meet the needs of children, adults and families including adoption and foster care programs. Catholic Social Services functions as a self-contained entity and maintains separate financial statements for each of its operations.

The accompanying financial statements include programs operated and administered by Catholic Social Services.

The Archdiocese of Philadelphia (the "Archdiocese") was proclaimed a Catholic diocese in 1808 and raised to an Archdiocese in 1875. The Archdiocese oversees the activities of the Roman Catholic Church (the "Church") for the five counties of Philadelphia, Bucks, Chester, Delaware and Montgomery in the southeastern part of the Commonwealth of Pennsylvania and is operated in accordance with the provisions of the 1983 Code of Canon Law, as amended, of the Church. Catholic Social Services, which is related, is operated separately and distinctly from the Archdiocese.

Catholic Charities Appeal, a separate legal corporation and a related organization, raises money for certain organizations within the Archdiocese, including Catholic Social Services.

#### **NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America ("US GAAP"). Catholic Social Services presents its financial statements in accordance with the guidance set forth by the Financial Accounting Standards Board ("FASB") in regard to *Financial Statements of Not-for-Profit Organizations*. Accordingly, Catholic Social Services' net assets and its revenues, expenses, gains and losses are classified into two categories, based on the existence or absence of donor-imposed restrictions.

Net assets without donor restrictions are not subject to donor-imposed restrictions and may be designated for specific purposes by action of the Board of Directors.

Net assets with donor restrictions include contributions, including pledges, trusts, remainder interests, income and appreciation which can be expended but for which restrictions have not yet been met, or which are required by donors to be perpetually retained. Such restrictions include purpose restrictions where donors have specified the purpose for which the net assets are to be spent, or time restrictions imposed by donors or implied by the nature of the gift.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2020 and 2019

The accompanying financial statements include programs operated and administered by Catholic Social Services. Excluded are certain institutions of the Archdiocese for which Catholic Social Services performs certain administrative and accounting functions, including the collection and remittance of unemployment compensation contributions, for which separate accounts are maintained by Catholic Social Services and for which separate reports are issued. The excluded entities (affiliated institutions and group homes) are as follows:

St. Joseph Catholic Home for Children

St. Francis-St. Joseph Homes for Children

St. Vincent's Services for Women and Children

St. Joseph's House for Homeless Industrious Boys

St. Vincent's Orphans' Asylum of Tacony

St. John's Hospice

St. Edmond's Home for Crippled Children

The Communities of Don Guanella and Divine Providence (established July 1, 2019) though a merger of Divine Providence Village and Don Guanella Village St. Gabriel's System

Catholic Community Services of the

Archdiocese of Philadelphia

#### Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The most significant management estimates and assumptions include the allowance for doubtful accounts, useful lives of depreciable assets and the fair value of investments. Actual results could differ from those estimates.

#### Cash and Cash Equivalents

Catholic Social Services considers investments in highly liquid securities purchased with a maturity of three months or less from the date purchased, to be cash equivalents. Catholic Social Services maintains cash balances with financial institutions that at times may exceed Federal Deposit Insurance Corporation limits. Management does not believe the credit risk related to these deposits to be significant.

## Accounting for Long-Lived Assets

Catholic Social Services continually evaluates whether events and circumstances have occurred that indicate the remaining estimated useful life of long-lived assets may warrant revision or that the remaining balance may not be recoverable. When factors indicate that long-lived assets should be evaluated for possible impairment, Catholic Social Services uses an estimate of the related undiscounted operating income over the remaining life of the long-lived asset in measuring whether the long-lived asset is recoverable. The impairment loss on these assets is measured as the excess of the carrying amount of the asset over its fair value. Fair value is based on market prices where available, or discounted cash flows. Catholic Social Services believes that no revision to the remaining useful lives or write-down of long-lived assets were required at June 30, 2020 and 2019.

#### Client Escrow Funds

Catholic Social Services acts as trustee over funds held for its residents. Expenditures of resident funds are authorized by the residents or their families. Generally, the funds are used to cover the costs of personal items that are not covered by the daily general service charge or special charges. These funds are returned to the resident, family or estate upon discharge or death.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2020 and 2019

#### Investments

SEI, a provider of institutional asset management services, created two publicly traded Catholic Values mutual funds: the Catholic Values Equity Fund and the Catholic Values Fixed Income Fund (the "Catholic Values Funds"), which provide Catholic institutions with high-quality investment products that align with their core values, without sacrificing diversification or return potential. Specifically, the Catholic Values Funds align with the investment directives set forth by the United States Conference of Catholic Bishops ("USCCB"). The Archdiocese appointed SEI Private Trust Company to act as custodian (the "Custodian") of the investments, which consist of certain cash and securities and are more fully described in Note C.

Investments are reported at fair value. Realized gains and losses are included in the statements of activities as a component of investment return, net.

## Governmental Revenue

Catholic Social Services receives its funding through contracts/agreements with the Commonwealth of Pennsylvania, various cities and counties, federal programs and agreements with managed care and insurance organizations. These contracts/agreements generally fall into two categories: cost reimbursement and fee-for-service. The ultimate determination of amounts reimbursable under cost reimbursement contracts/agreements is based upon allowable costs to be reported and subject to audit by grantors and/or their agents.

Net program service revenues are from funding sources under cost reimbursement-type contracts for several of Catholic Social Services' programs. Catholic Social Services records revenues under such contracts as costs are incurred. For other programs, Catholic Social Services receives program service fees from funding sources under per diem-type contracts for certain programs and unit prices for outpatient services. Revenue for these programs is recorded when the services are provided. Retroactive adjustments are recorded in the period that final settlements are determined. Catholic Social Services recorded revenue of \$167,475 for the year ended June 30, 2019, related to settlements received for fiscal years 2016 through 2017.

Catholic Social Services is subject to numerous laws and regulations of federal, state and local governments. Compliance with these laws and regulations can be subject to government review and interpretation, as well as regulatory actions unknown and unasserted at this time. Government activity in the health care industry has increased with respect to investigations and allegations concerning possible violations of regulations by health care providers, which could result in the imposition of significant fines and penalties, as well as significant repayments of previously billed and collected revenues of client services. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Management believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing.

#### **Contributions**

All contributions are considered to be available for use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as net assets with donor restrictions. However, if a restriction is fulfilled in the same time period in which the contribution is received, Catholic Social Services reports the support as without donor restriction. When a stipulated time restriction or purpose restriction is satisfied, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2020 and 2019

Contributions of long-lived assets received without donor stipulations are reported as revenue without donor restriction at the fair value on the date of the gift. Contributions of other assets specified for the acquisition or construction of long-lived assets are reported as restricted support; those restrictions expire when the assets are placed in service.

Unconditional promises to give ("pledges") are recorded as receivables and revenues within the appropriate net asset category, and are expected to be collected within one year.

#### Allowance for Doubtful Accounts

Catholic Social Services continually monitors accounts receivable for collectability issues. The allowance is based upon management's judgment and is determined by considering a number of factors, including the length of time accounts receivable are past due, Catholic Social Services' previous loss history, the nature of the service provided and other pertinent factors. Catholic Social Services writes off accounts receivable when they become uncollectible, and payments subsequently received on such receivables are credited to the allowance for doubtful accounts.

#### Contributed Services, Goods and Rent

Contributed services and goods represents the difference between the stipend allowance paid for the religious personnel performing work for Catholic Social Services, and the compensation which would be paid to lay persons possessing similar qualifications and performing similar work. In addition, contributed services and goods include food contributed to Catholic Social Services. Contributed rent includes rent on the premises used by Catholic Social Services which are owned by other entities within the Archdiocese and for which no rent is charged. These amounts are reported as both revenue and expenses in the statement of activities.

#### Property, Plant and Equipment

Land, buildings, building improvements, automobiles and equipment are capitalized at cost or at their fair market value if donated. Depreciation for fixed assets is computed on a straight-line basis over the estimated useful lives of the assets, which are as follows:

Building	20 years
Building improvements	20 years
Automobiles	5 years
Equipment	3 - 5 years

# Risks and Uncertainties

The outbreak of a novel coronavirus ("COVID-19"), a respiratory disease caused by a new strain of coronavirus, has been declared a pandemic by the World Health Organization. The outbreak of the disease has affected travel, commerce, and financial markets globally. Catholic Social Services has been and continues to closely monitor the COVID-19 pandemic and its impact on the entity. Though the full impact of COVID-19 and the scope of any impact on Catholic Social Services' operations and financial condition cannot yet be determined, potential adverse consequences to Catholic Social Services of COVID-19 may include a decline in revenues and contributions, as well as a decrease in interest and investment income from Catholic Social Services' investment assets.

## **Pending Accounting Pronouncement**

In May 2014, the FASB issued Accounting Standards Update ("ASU") 2014-09, *Revenue from Contracts with Customers*, as amended, to improve financial reporting by creating common revenue recognition guidance. The core principle of this guidance is that an entity should recognize revenue in an amount that reflects the consideration to which the entity expects to be entitled in exchange for these goods and services at the date the performance obligation has occurred. ASU 2014-09, as amended, is effective for non-public entities for periods beginning after December 15, 2020. An entity will apply this update using either a full retrospective application, which applies the standard to each prior period presented, or under the modified retrospective application, in which an entity recognizes the cumulative effect of initially applying the new standard as an adjustment to the opening statement of financial position at the date of initial application. Catholic Social Services is evaluating the impact of ASU 2014-09 at this time.

#### **NOTE C - INVESTMENTS**

The Investments are reported at fair value and consist of the following:

<u>Catholic Values Fixed Income Fund (or "fund")</u> - Invests in mutual funds, corporate obligations, United States Treasury obligations and municipal obligations and is managed by SEI. The fixed income fund is valued at the closing price of the traded fund.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

The options include a short-duration U.S. government bond fund, a 100% fixed income bond fund and four equity funds with varying fixed income to equity mixes of 30/70, 50/50, 60/40 or 70/30. The Investment Committee of the Archdiocese of Philadelphia has primary responsibility for determining fixed income to equity mix. The asset mix of the mutual funds is SEI's responsibility. #### NOTE F - ACCOUNTS RECEIVABLE - PUBLIC AGENCIES

These balances potentially subject Catholic Social Services to a concentration of credit risk. Catholic Social Services monitors its funding arrangements with DHS and other public agencies.

#### NOTE G - RELATED PARTY NOTE RECEIVABLE - ARCHDIOCESE OF PHILADELPHIA

In 2012, the Archdiocese of Philadelphia and related entities entered into several Term Loan Agreements with participating Archdiocesan entities to retire outstanding external debt obligations. The transaction resulted in the inter-diocesan Term Loan Receivables and Term Loan Payables totaling \$71,357,582 at participating Archdiocesan entities, which included a loan receivable of \$9,109,791 recorded by Catholic Social Services. The loan receivable was refinanced on July 1, 2014, with terms as described below.

The loan is collateralized by first priority mortgage liens encumbering the following Archdiocesan high school premises: Bonner-Prendergrast High School, Pope John Paul II High School, Bishop Shanahan High School and Archbishop Wood High School. In addition, the Archdiocese of Philadelphia pledges the High School Revenue associated with these specific schools. The loan carries a fixed interest rate of 4% and matures on June 1, 2042.

#### **NOTE H - LOANS PAYABLE**

On April 30, 2020, CSS was granted a loan (the "Loan") from PNC Bank in the amount of \$2,013,700, pursuant to the Paycheck Protection Program ("PPP"), under Division A, Title I of the Coronavirus Aid, Relief and Economic Security Act ("CARES Act"), which was enacted March 27, 2020. The PPP provides loans to qualifying businesses for amounts up to 2.5 times the average monthly payroll expenses of the qualifying business. The loans and accrued interest are forgivable after the covered period as long as the borrower uses the loan proceeds for eligible purposes and certain conditions are met. The amount of the loan forgiveness will be reduced if the borrower terminates employees or reduces salaries during the covered period.

The Loan, which was in the form of a note dated April 30, 2020 matures on April 30, 2022 and bears interest at a rate of 1% per annum with payments scheduled monthly beginning after a six-month deferral period to the extent the loans are not forgiven. The Loan may be repaid at any time prior to maturity with no prepayment penalties. CSS used the entire amount of the loan for qualifying expenses with the intent of applying for forgiveness of a substantial amount of the loan.

As of June 30, 2020 and 2019, Catholic Social Services had a loan payable of \$4,400,000 to St. Edmond's Home for Crippled Children. The loan payable bears interest on the unpaid outstanding principal at an annual rate of 3%. Catholic Social Services used proceeds from the loan to provide lines of credit to affiliated corporations as described in Note B.1 to support cash flow needs. The lines of credit from/to each affiliated organization bear interest on the unpaid outstanding principal at an annual rate of 3%. Balances of the lines of credit are included in due to affiliated institutions on the statements of financial position. The financial statements of Catholic Social Services include \$132,000 of interest expense for both the years ended June 30, 2020 and 2019 from these lending transactions. There is no repayment schedule associated with these loans.

#### **NOTE I - FAIR VALUE MEASUREMENTS**

FASB Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Quoted prices in active markets for identical assets or liabilities as of the measurement date;

#### NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the same term of the assets or liabilities; and
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fair value calculations may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Catholic Social Services believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the fair values of the investments held by Catholic Social Services by level within the fair value hierarchy, as of June 30,:

Through June 30, 2014, the eligible lay employees of Catholic Social Services were covered under the Archdiocese of Philadelphia Lay Employees' Retirement Plan (the "Plan"), which is a defined benefit pension plan covering substantially all lay employees of the Archdiocese, based on age and service requirements. The Plan is administered by the Trustees of the Plan. Catholic Social Services made annual contributions to the Plan at a rate of 5.9% of the salaries of eligible employees for the years ended June 30, 2020 and 2019. The amount expensed by Catholic Social Services for contributions to the Plan was \$501,610 and \$498,356 for the years ended June 30, 2020 and 2019, respectively. Separate accounts for vested benefits and pension fund assets are not maintained for each institution.

On November 5, 2013, the Archdiocese of Philadelphia Office for Financial Services ("OFS") announced that it would freeze the Plan effective June 30, 2014. All current employees at the time of the announced freeze retained benefits they had earned and continued to accrue benefits through the effective date. ## Archdiocese of Philadelphia 403(b) Retirement Plan

The Archdiocese of Philadelphia established a 403(b) defined contribution plan, under which, and subject to statutory limits, all employees at least 18 years of age are immediately eligible to make voluntary deferred salary contributions into the 403(b) plan.

Employer contributions, which cover employees meeting the eligibility requirements below, are discretionary. The following are the eligibility requirements for the employer contributions:

• Grandfathered Employees - Any employee who was accruing benefits as an active participant in the Plan as of its freeze date of June 30, 2014 is a grandfathered employee and will be eligible to receive employer contributions beginning with the first payroll on or after September 1, 2014.

The employee must also have attained at least 18 years of age to be eligible. For a non-grandfathered employee hired prior to July 1, 2014 who does not meet the eligibility requirements for an employer contribution in the time frame described above, the period for determining whether or not one meets the 1,000-hour service requirement will shift to the calendar year beginning January 1, 2016.
