REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Directors
St. Edmond's Home for Crippled Children

We have audited the accompanying financial statements of St. Edmond's Home for Crippled Children, which comprise the statements of financial position as of June 30, 2020 and 2019, and the related statements of activities and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of St. Edmond's Home for Crippled Children as of June 30, 2020 and 2019, and the results of its activities and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

St. Edmond's Home for Crippled Children

NOTES TO FINANCIAL STATEMENTS

June 30, 2020 and 2019

NOTE A - ORGANIZATION

St. Edmond's Home for Crippled Children ("St. Edmond's") is a residential facility of the Archdiocese of Philadelphia located in Rosemont, Delaware County, Pennsylvania. St. Edmond's serves physically handicapped/intellectually disabled children between the ages of 6 and 21 years with a licensed capacity of 44 beds.

Catholic Charities of the Archdiocese of Philadelphia, operating as Catholic Social Services of the Archdiocese of Philadelphia ("CSS"), established in 1919, is a multi-faceted social services organization whose departments offer a wide range of services to meet the needs of children, adults and families including adoption and foster care programs. CSS functions as a self-contained entity and maintains separate financial statements for each of its operations. St. Edmond's is one of the entities operating under CSS.

The accompanying financial statements include programs operated and administered by St. Edmond's.

The Archdiocese of Philadelphia (the "Archdiocese") was proclaimed a Catholic diocese in 1808 and raised to an Archdiocese in 1875. The Archdiocese oversees the activities of the Roman Catholic Church (the "Church") for the five counties of Philadelphia, Bucks, Chester, Delaware and Montgomery in the southeastern part of the Commonwealth of Pennsylvania and is operated in accordance with the provisions of the 1983 Code of Canon Law, as amended, of the Church. St. Edmond's, which is related, is operated separately and distinctly from the Archdiocese.

Catholic Charities Appeal, a separate legal corporation and a related organization, raises money for certain organizations within the Archdiocese, including St. Edmond's.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America ("US GAAP"). St. Edmond's presents its financial statements in accordance with the guidance set forth by the Financial Accounting Standards Board ("FASB") in regard to *Financial Statements of Not-for-Profit Organizations*. Accordingly, St. Edmond's net assets and revenues, expenses, gains and losses are classified into two categories, based on the existence or absence of donor-imposed restrictions.

Net assets without donor restrictions are not subject to donor-imposed restrictions and may be designated for specific purposes by action of the Board of Directors.

Net assets with donor restrictions include contributions, including pledges, trusts, remainder interests, income and appreciation which can be expended but for which restrictions have not yet been met, or which are required by donors to be perpetually retained. Such restrictions include purpose restrictions where donors have specified the purpose for which the net assets are to be spent, or time restrictions imposed by donors or implied by the nature of the gift.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The most significant management estimates and assumptions include the allowance for doubtful accounts, useful lives of depreciable assets, and the fair value of investments and beneficial interest in net assets held by affiliated organization. Actual results could differ from those estimates.

Cash and Cash Equivalents

St. Edmond's considers investments in highly liquid securities, authorized by management, purchased with a maturity of three months or less from the date purchased, to be cash equivalents. With the exception of escrow client funds, for the years ended June 30, 2020 and 2019, St. Edmond's possessed only petty cash held on site. The client escrow funds held by St. Edmond's may at times exceed Federal Deposit Insurance Corporation limits.

Accounting for Long-Lived Assets

St. Edmond's continually evaluates whether events and circumstances have occurred that indicate the remaining estimated useful life of long-lived assets may warrant revision or that the remaining balance may not be recoverable. When factors indicate that long-lived assets should be evaluated for possible impairment, St. Edmond's uses an estimate of the related undiscounted operating income over the remaining life of the long-lived asset in measuring whether the long-lived asset is recoverable. The impairment loss on these assets is measured as the excess of the carrying amount of the asset over its fair value. Fair value is based on market prices, where available, or discounted cash flows. St. Edmond's believes that no revision to the remaining useful lives or write-down of long-lived assets were required at June 30, 2020 or 2019.

Client Escrow Funds

St. Edmond's acts as trustee over funds held for its residents. Expenditures of resident funds are authorized by the residents or their families. Generally, the funds are used to cover the costs of personal items which are not covered by the daily general service charge or special charges. These funds are returned to the resident, family or estate upon discharge or death.

Investments

SEI, a provider of institutional asset management services, created two publicly traded Catholic Values mutual funds: the Catholic Values Equity Fund and the Catholic Values Fixed Income Fund ("Catholic Values Funds"), which provide Catholic institutions with high-quality investment products that align with their core values, without sacrificing diversification or return potential. Specifically, the Catholic Values Funds align with the investment directives set forth by the United States Conference of Catholic Bishops ("USCCB"). The Archdiocese appointed SEI Private Trust Company to act as custodian (the "Custodian") of the investments, which consist of certain cash and securities and are more fully described in Note C.

Investments are reported at fair value. Realized gains and losses are included in the statements of activities as a component of investment return, net.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

Beneficial Interest in Net Assets Held by Affiliated Organization

Beneficial interest represents the net assets of a financially interrelated organization which raises funds for the benefit of St. Edmond's. Changes in the value of the beneficial interest are recorded in the statements of activities and changes in net assets.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as net assets with donor restrictions. However, if a restriction is fulfilled in the same time period in which the contribution is received, St. Edmond's reports the support as without donor restriction. When a stipulated time restriction or purpose restriction is satisfied, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities and changes in net assets as net assets released from restrictions.

Contributions of long-lived assets received without donor stipulations are reported as unrestricted revenue at the fair value of the date of the gift. Contributions of other assets specified for the acquisition or construction of long-lived assets are reported as restricted support; those restrictions expire when the assets are placed in service.

Unconditional promises to give ("pledges") are recorded as receivables and revenues within the appropriate net asset category, all of which will be collected within one year.

Governmental Revenue

St. Edmond's receives its funding through contracts with Pennsylvania, various cities and counties, federal programs and agreements with managed care and insurance organizations. These contracts/agreements are generally fee-for-service agreements. The ultimate determination of amounts reimbursable under cost reimbursement contracts/agreements is based upon allowable costs to be reported to and subject to audit by grantors and/or their agents.

Program service revenues are from funding sources under fee-for-service contracts for several of St. Edmond's programs. For other programs, St. Edmond's receives program service fees from funding sources under per diem-type contracts for certain programs and unit prices for outpatient services. Revenue for these programs is recorded when the services are provided, while adjustments to prior recognized revenues are recorded in following periods, as final settlements are determined. St. Edmond's recorded an increase to revenue of \$267,788 and \$230,659 related to settlements received from prior years for the years ended June 30, 2020 and 2019, respectively

St. Edmond's is subject to numerous laws and regulations of federal, state, and local governments. Compliance with these laws and regulations can be subject to government review and interpretation, as well as regulatory actions unknown and unasserted at this time. Government activity in the health care industry has increased with respect to investigations and allegations concerning possible violations of regulations by health care providers, which could result in the imposition of significant fines and penalties, as well as significant repayments of previously billed and collected revenues for client services. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Management believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing.

St. Edmond's Home for Crippled Children

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

Allowance for Doubtful Accounts

St. Edmond's continually monitors accounts receivable for collectability issues. The allowance is based upon management's judgment and is determined by considering a number of factors, including the length of time accounts receivable are past due, St. Edmond's previous loss history, the nature of the service provided and other pertinent factors. St. Edmond's writes off accounts receivable when they become uncollectible, and payments subsequently received on such receivables are credited to the allowance for doubtful accounts.

Allocated Expenses - Archdiocese of Philadelphia - Catholic Social Services

CSS provides administrative and accounting services for institutions and group homes, including St. Edmond's. The total expenses incurred by CSS in providing services are accumulated and allocated on a pro rata basis to the institutions and group homes. The allocated amount is recorded as a general and administrative expense in the statements of activities and changes in net assets. Any difference between the allocation and the amount charged to the institution or group homes during the year is considered a contribution of services from CSS.

Property, Plant and Equipment

Land, buildings, building improvements, automobiles, and furniture and equipment are capitalized at cost or their fair value if donated. Depreciation is computed on a straight-line basis and recognized as expense over the estimated useful life of the related assets, which are as follows:

Building	40 years
Building improvements	15-20 years
Furniture and equipment	5-10 years

Risks and Uncertainties

The outbreak of a novel coronavirus COVID-19 ("COVID-19"), a respiratory disease caused by a new strain of coronavirus, has been declared a pandemic by the World Health Organization. The outbreak of the disease has affected travel, commerce, and financial markets globally. St. Edmond's has been monitoring and continues to closely monitor the COVID-19 pandemic and its impact on the entity. Though the full impact of COVID-19 and the scope of any impact on St. Edmond's operations and financial condition cannot yet be determined, potential adverse consequences to St. Edmond's of COVID-19 may include a decline in revenues and contributions, as well as a decrease in interest and investment income from St. Edmond's investment assets.

Liquidity and Availability of Resources

Financial assets available for general expenditure, all of which are classified as net assets without donor restrictions, within one year of the statement of financial position date consist of the following:

	June 30,	
	2020	2019
Cash and cash equivalents	\$ 4,447	\$ 325

St. Edmond's receives cash management services from CSS, which includes the receipt of program revenues and payments of operating expenses. The cash activity is recorded through due to affiliated institutions which is settled periodically.

Pending Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2014-09, *Revenue from Contracts with Customers*, with subsequent amendments, to improve financial reporting by creating common revenue recognition guidance. The core principle of this guidance is that an entity should recognize revenue in an amount that reflects the consideration to which the entity expects to be entitled in exchange for these goods and services at the date the performance obligation has occurred. ASU 2014-09, as amended, is effective for periods beginning after December 15, 2019. An entity will apply this update using either a full retrospective application, which applies the standard to each prior period presented, or under the modified retrospective application, in which an entity recognizes the cumulative effect of initially applying the new standard as an adjustment to the opening statement of financial position at the date of initial application. St. Edmond's is evaluating the impact of ASU 2014-09 and its amendments at this time.

NOTE C - INVESTMENTS

The investment in the Trustee Account and other investments are reported at fair value and consist of the following:

Catholic Values Equity Fund (or "fund") - Invests in common stocks and is managed by SEI. The equity fund is valued at the closing price of the traded fund.

Catholic Values Fixed Income Fund (or "fund") - Invests in mutual funds, corporate obligations, United States Treasury obligations and municipal obligations and is managed by SEI. The fixed income fund is valued at the closing price of the traded fund.

These balances subject St. Edmond's to a concentration of credit risk. St. Edmond's monitors its funding arrangements with DHS and other agencies.

NOTE G - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities as of the measurement date.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the same term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTE H - PENSION PLAN

Lay Employees' Retirement Plan - frozen effective June 30, 2014

Through June 30, 2014, the eligible lay employees of St. Edmond's were covered under the Archdiocese of Philadelphia Lay Employees' Retirement Plan (the "Plan"), which is a defined benefit pension plan covering substantially all lay employees of the Archdiocese, based on age and service requirements. The Plan is administered by the Trustees of the Plan. St. Edmond's made annual contributions to the Plan at a rate of 5.9% of the salaries of eligible employees for the years ended June 30, 2020 and 2019. The amount expensed by St. Edmond's was \$280,863 and \$266,544 for the years ended June 30, 2020 and 2019, respectively. Separate accounts for vested benefits and pension fund assets are not maintained for each institution.

On November 5, 2013, the Archdiocese of Philadelphia Office for Financial Services ("OFS") announced that it would freeze the Plan effective June 30, 2014. All current employees at the time of the announced freeze retained benefits they had earned and continued to accrue benefits through the effective date. After the effective date, accrued pension benefits under the Plan do not increase for current employees for additional service or increases in pay after the freeze date.

Archdiocese of Philadelphia 403(b) Retirement Plan

Effective July 1, 2014, the Archdiocese of Philadelphia established a 403(b) defined contribution plan. Under the 403(b) plan, and subject to statutory limits, all employees at least 18 years of age are immediately eligible to make voluntary deferred salary contributions into the 403(b) plan.

Employer contributions, which cover employees meeting the eligibility requirements below, are discretionary. The following are the eligibility requirements for the employer contributions:

Grandfathered Employees - Any employee who was accruing benefits as an active participant in the Plan as of its freeze date of June 30, 2014 is a grandfathered employee and will be eligible to receive employer contributions beginning with the first payroll on or after September 1, 2014.

Non-Grandfathered Employees - Non-grandfathered employees are eligible to receive the employer contribution beginning with the first payroll coinciding with or immediately following the completion of 1,000 hours of service during the 18-month period beginning July 1, 2014 through December 31, 2015. The employee must also have attained at least 18 years of age to be eligible. For a non-grandfathered employee hired prior to July 1, 2014 who does not meet the eligibility requirements for an employer contribution in the time frame described above, the period for determining whether or not one meets the 1,000-hour service requirement will shift to the calendar year beginning January 1, 2016.

Vesting - Vesting in employer contributions to a 403(b) plan account will be immediate for any grandfathered employee who has completed 12 months of service as of June 30, 2014. Vesting in employer contributions for all other employees will take place after the completion of 12 months of service.

In fiscal years 2020 and 2019, the Archdiocese employer contribution rate was 4.5% of base salary for eligible employees. The contributions by St. Edmond's into the 403(b) plan totaled \$214,217 and \$203,299 for the years ended June 30, 2020 and 2019, respectively.

NOTE J - INCOME TAX STATUS

St. Edmond's is recognized as exempt from federal income tax under Section 501(c)(3) of the U.S. Internal Revenue Code ("IRC"), except on activities unrelated to their exempt purposes. The organization has processes presently in place to ensure the maintenance of its tax-exempt status, to identify and report unrelated income, to determine its filing and tax obligations in jurisdictions for which it has nexus, and to identify and evaluate other matters that may be considered tax positions.

St. Edmond's follows guidance that clarifies the accounting for uncertainty in tax positions taken or expected to be taken in a tax return, including issues relating to financial statement recognition and measurement. This guidance provides that the tax effects from an uncertain tax position can only be recognized in the financial statements if the position is "more-likely-than-not" to be sustained if the position were to be challenged by a taxing authority. The assessment of the tax position is based solely on the technical merits of the position, without regard to the likelihood that the tax position may be challenged. The organization has determined that there are no material uncertain tax positions that require recognition or disclosure in its consolidated financial statements.
