REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Archbishop of Philadelphia Office of Catholic Education High Schools

Opinion

We have audited the accompanying financial statements of the Archdiocese of Philadelphia, Office of Catholic Education High Schools ("Diocesan High Schools"), which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Diocesan High Schools as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Diocesan High Schools and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of matter

We draw attention to Note A to the financial statements, which describes the legal structure of Diocesan High Schools within the Archdiocese of Philadelphia. Our opinion is not modified with respect to this matter.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Diocesan High Schools' ability to continue as a going concern for one year after the date the financial statements are issued.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Diocesan High Schools' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Diocesan High Schools' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

June 30, 2022 and 2021

NOTE A - NATURE OF OPERATIONS

The accompanying financial statements of the Office of Catholic Education High Schools ("Diocesan High Schools") include the funds generated from and designated for the operations and maintenance of the 17 high schools owned by the Archdiocese of Philadelphia, Office of Catholic Education. They exclude certain entities of the Archdiocese of Philadelphia, which relate to the Diocesan High Schools but are considered separate reporting entities. These entities are as follows:

- Office of Catholic Education Schools of Special Education ("SPED")
- Office of Catholic Education Administration Account ("OCE")
- Office for Financial Services ("OFS")
- Trustee Account of the Archdiocese of Philadelphia for Estates and Trusts
- Catholic Housing and Community Services ("CHCS")
- Catholic Social Services ("CSS")
- Lay Employees Retirement Plan
- Risk Insurance Trust
- Welfare Benefits Trust
- Deposit and Loan Program Trust
- Independent Reconciliation and Reparations Trust
- Heritage of Faith ~ Vision of Hope
- Archdiocese of Philadelphia Priest's Retirement Benefits Funding Trust
- Trustees of Roman Catholic High School
- Nutritional Development Services of the Archdiocese of Philadelphia

The Diocesan High Schools are considered to be a component of the Archdiocese of Philadelphia and not a separate legal entity. Effective September 1, 2012, the Archdiocese of Philadelphia entered into an agreement with Faith in the Future Foundation ("FIF"). The agreement was for a period of five school years and renews automatically for successive three-year periods unless prior written notification is provided 90 days before the scheduled expiration date. This agreement was extended through 2022 in February 2016 and was terminated by the agreement of the parties on June 30, 2022. Pursuant to the aforementioned agreement, FIF assumed strategic and operational management of the 17 Catholic secondary schools and the Schools of Special Education and provided certain financial assistance to the schools. OCE has primary responsibility for, and FIF had oversight and approval responsibility over, school operations. The five senior management positions of OCE report directly to FIF's Chief Executive Officer. All facilities continue to be owned by the Archdiocese of Philadelphia.

With the termination of the management agreement, the Office of Catholic Education of the Archdiocese of Philadelphia manages the schools directly.

As announced on November 18, 2020 by the Archdiocese of Philadelphia and FIF, John W. Hallahan Catholic Girls High School and Bishop McDevitt High School closed at the end of the 2020-2021 academic year.

Impact of COVID-19

The outbreak of a novel coronavirus ("COVID-19") as a pandemic has caused significant uncertainty of breadth and duration of business disruption related to COVID-19, as well as its impact on the U.S. and international economies. In response to the pandemic, school buildings were closed and learning shifted to online platforms. Following CDC and Pennsylvania state regulations, instruction initially resumed under a hybrid instructional model and full in-person instruction resumed in the fall of 2021.

June 30, 2022 and 2021

Each high school was the recipient of a Paycheck Protection Program ("PPP") loan granted by the Small Business Administration under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). This program was designed to help businesses with funds to cover compensation costs and other qualifying expenses (mortgage interest, rent and utilities). Under the program terms, PPP loans are forgiven if the loan proceeds have been used as outlined in the guidelines. Qualifying expenses were incurred and official loan forgiveness was received during the year ended June 30, 2021, thus each high school recognized the forgiveness of the loan as gain on extinguishment of notes payable in the June 30, 2021 statement of activities and changes in net assets.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis. Net assets and revenues, expenses, gains and losses are classified into categories, based on the existence or absence of donor-imposed restrictions. The categories are without donor restrictions and with donor restrictions.

Net assets with donor restrictions include gifts, trusts, income and gains which have either a time or use restriction, but which may ultimately be expended. Since endowment investment income and net realized and unrealized gains and losses may eventually be spent, such earnings are recorded in the financial statements as net assets with donor restrictions, until transferred to net assets without donor restrictions.

Net assets with donor restrictions also include the historical dollar amounts of gifts, which require by donor restriction that the corpus be invested in perpetuity and only the investment income be made available for operations in accordance with donor restrictions. Investment income and net realized and unrealized gains and losses, if permanently restricted by the donor, are included in net assets with donor restrictions. Net assets without donor restrictions are free from donor-imposed restrictions and are all the remaining net assets of the Diocesan High Schools.

Revenue Recognition

Diocesan High Schools recognize and measure its revenues in accordance with Accounting Standards Update ("ASU") 2014-09, *Revenue from Contracts with Customers (Topic 606)*. The core principle of this guidance is that an entity should recognize revenue in an amount that reflects the consideration to which the entity expects to be entitled in exchange for these goods and services at the date the performance obligation has occurred. The standard outlines a five-step model whereby revenue is recognized as performance obligations within a contract are satisfied.

Tuition and Fees

The Diocesan High Schools recognize revenue from student tuition and other school fees within the fiscal year in which educational services are provided. Tuition and fees revenue are reflected net of discounts and waivers ("tuition reductions") and scholarships and tuition assistance, which represent the difference between the stated charge for tuition and fees and the amount billed to the student or third parties making payments on behalf of the student. Tuition and other school fees collected for the upcoming school year are included in deferred revenue and recognized as revenue ratably over the applicable school year.

June 30, 2022 and 2021

The following table details the tuition and fees, net for the years ended June 30:

	2022	2021
Basic tuition	\$ 85,987,006	\$ 86,793,096
Special tuition	197,513	160,741
International tuition	131,400	158,919
School fee	15,617,918	15,302,357
Other school fees	5,777,330	5,338,390
	107,711,167	107,753,503
Less: tuition reductions	(5,483,036)	(7,003,582)
Less: scholarships and tuition assistance	(10,155,909)	(8,653,951)
Tuition and fees, net	\$ 92,072,222	\$ 92,095,970

Registration fees and re-registration fees are recognized upon registration since these fees are non-refundable. For the years ended June 30, 2022 and 2021, registration and re-registration fees of \$1,573,694 and \$1,572,973, respectively, are included in other school fees.

The allowance for doubtful accounts is provided based upon management's judgment, including such factors as prior collection history and the length of time a receivable is past due. The Diocesan High Schools write off receivables when they become uncollectible, and payments subsequently received on such receivables are credited to the allowance for doubtful accounts.

Contributions and Donations

Diocesan High Schools recognize revenue from contributions, fundraising revenues and grants in accordance with ASU 2018-08, *Not-For-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. In accordance with Topic 958, Diocesan High Schools evaluate whether a transfer of assets is (1) an exchange transaction in which a resource provider is receiving commensurate value in return for the resources transferred or (2) a contribution. If the transfer of assets is determined to be an exchange transaction, Diocesan High Schools apply the guidance under Topic 606. If the transfer of assets is determined to be a contribution, Diocesan High Schools evaluate whether the contribution is conditional based upon whether the agreement includes both (1) one or more barriers that must be overcome before Diocesan High Schools are entitled to the assets transferred and promised and (2) a right of return of assets transferred or a right of release of a promisor's obligation to transfer assets.

Contributions including unconditional promises to give are recorded as revenue in the period when received. Unconditional promises to give are recorded at their fair value when Diocesan High Schools are notified of these gifts. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met.

Contributions of assets other than cash, including long-lived assets, are recorded at their estimated fair value. During the years ended June 30, 2022 and 2021, certain building demolition expenses and construction costs were paid for by Friends of Father Judge High School on behalf of Father Judge High School amounting to \$914,249 and \$886,359, respectively, and recognized as part of other in-kind contributions in the statements of activities and changes in net assets. These contributed items are expensed and capitalized as appropriate, and they do not have donor-imposed restrictions.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

Contributed services are recorded as the value of services performed by individuals, based on equivalent salaries of personnel performing similar duties less the compensation and benefit payments (if any) and faculty residence expenses paid for religious personnel. The value of contributed services is included as revenue and, correspondingly, charged as expense. Contributed services did not have donor-imposed restrictions.

Gifts specified for the acquisition or construction of long-lived assets are reported as net assets without donor restrictions when the assets are placed in service. Gifts of cash and other assets are recorded as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the accompanying statement of activities and changes in net assets as net assets released from restrictions.

Other sources of revenue not otherwise categorized are recognized in the fiscal year in which they are earned.

Cash and Cash Equivalents, Including Amounts Held by Affiliate

Cash and cash equivalents represent demand deposits and other investments with an original maturity date of three months or less. The carrying amount approximates fair value. At June 30, 2022 and 2021, the Diocesan High Schools have cash balances on deposit with financial institutions that exceed the balance insured by the Federal Deposit Insurance Corporation. The Diocesan High Schools have not experienced any losses in such accounts.

Beneficial Interest in Financially Inter-Related Organizations

Beneficial interest in financially inter-related organizations includes the net assets of the Trustees of Roman Catholic High School, a separate corporation identified as a financially inter-related organization to the Diocesan High Schools. It also includes the net assets of the Friends of Father Judge High School, a separate corporation identified as a financially inter-related organization to the Diocesan High Schools.

Investments

Investments are recorded at fair value. Mutual funds include equity, fixed income, and international mutual funds valued at the closing price of the traded fund at the statement of financial position date. To the extent these mutual funds are actively traded, they are categorized in Level 1 of the fair value hierarchy. If such information is not available, mutual funds are valued based on yields currently available on comparable securities for issuers with similar credit ratings and classified in Level 2 of the fair value hierarchy.

Money market funds include securities valued at amortized cost, which approximates fair value. The amortized cost of an instrument is determined by valuing it at its original cost and thereafter amortizing any discount or premium from its face value at a constant rate until maturity. Securities held by a money market fund are generally high quality and liquid; however, they are reflected as Level 2 because the inputs used to determine fair value are not quoted prices in an active market.

Common stocks are traded on a national securities exchange. These securities are stated at the last reported sales price on the day of valuation. To the extent these securities are actively traded, they are categorized in Level 1 of the fair value hierarchy.

June 30, 2022 and 2021

Debt securities, including corporate and international securities, are valued at the closing price reported in the active market in which the bond is traded, if available, and classified as Level 1 in the fair value hierarchy. If such information is not available, debt securities are valued based on yields currently available on comparable securities for issuers with similar credit ratings and classified in Level 2 of the fair value hierarchy.

Realized gains and losses on securities sold are determined using the specific-identification method. Unrealized gains and losses are included in investment return, net in the statement of activities and changes in net assets.

Property and Equipment

Property and equipment are stated at cost, while donated assets are stated at fair market value on the date of donation. Depreciation has been provided by the straight-line method over the estimated useful lives of the related assets as follows:

Land improvements	10-25 years
Building	20-40 years
Building improvements	5-20 years
Leasehold improvements (Roman Catholic High School)	5-25 years
Furniture and fixtures	5-20 years
Vehicles	10 years

Roman Catholic High School's property and equipment are held in the name of the Trustees of Roman Catholic High School. Building and land improvements and purchases of furniture and fixtures for this facility are recorded as leasehold improvements. The related lease term is indefinite as long as the property and equipment are used as a Catholic high school. Accordingly, these leasehold improvements are depreciated over the stated useful lives, which are less than the lease term. Property and equipment improvements and purchases in excess of \$10,000 are capitalized.

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If the expected future cash flows from the use of the asset and its eventual disposition are less than the carrying amount of the asset, an impairment loss is recognized and measured using the asset's fair value. No impairment losses were recognized for the years ended June 30, 2022 and 2021.

Expenditures for maintenance and repairs are charged to expense, whereas major betterments are capitalized.

Leases

The Diocesan High Schools recognize and measure its leases in accordance with ASU 2016-02, *Leases*. The Diocesan High Schools are lessees in several non-cancelable leases for equipment and vehicles and recognized a lease liability and a right-of-use (ROU) asset at the commencement date of the lease. The lease liability is initially and subsequently recognized based on the present value of its future lease payments. Variable payments are included in the future lease payments when those variable payments depend on an index or a rate. The discount rate is the implicit rate if it is readily determinable otherwise, the Diocesan High Schools use its incremental borrowing rate. The implicit rates for some of the Diocesan High Schools leases are not readily determinable and accordingly, the incremental borrowing rate was based on the information available at the commencement date for all leases. The Diocesan High Schools' incremental borrowing rate of interest it would have to pay on a collateralized basis to borrow an amount equal to the lease payments under similar terms and in a similar economic environment. The ROU asset is subsequently measured throughout the lease term at the amount of the

June 30, 2022 and 2021

remeasured lease liability (i.e., present value of the remaining lease payments), plus unamortized initial direct costs, plus (minus) any prepaid (accrued) lease payments, less the unamortized balance of lease incentives received, and any impairment recognized. Lease cost for lease payments is recognized on a straight-line basis over the lease term.

Incurred but Not Reported Medical Claims

The statements of financial position include self-insurance liabilities with respect to the medical, prescription drug and dental insurance programs as of June 30, 2022 and 2021. These obligations represent an estimate of the expected ultimate cost for claims incurred but not paid. Liabilities for medical, prescription drug and dental benefits were estimated based on the Development Method. The underlying principle of the Development Method is that the progression of claim payment follows runoff patterns that are assumed to remain stable over time. Independence Blue Cross provided claim data summarized by the incurred and paid period. The results, produced by applying the Development Method to these data, were then adjusted for months where data were deemed non-credible. These adjustments were made using the Projection Method, which is based on the change in costs per exposure unit over time. For the periods presented, the estimate is based on the last 48 months of incurred and paid claims for each of the years ended June 30, 2022 and 2021.

Functional Expenses

All expenses relate to the operation and maintenance of the Diocesan High Schools. Expenses directly attributable to a specific functional area of the Diocesan High Schools are reported as expenses of those functional areas. Administration includes expenses of the administrative offices with the school as well as development and admission offices. Academic includes instruction, spiritual, technology and summer programs. Activities/athletics includes student clubs and sports, dances/proms, graduation, and booster clubs to support athletics. Other includes expenses related to school store, staff development center, and vacant properties.

Concentrations of Credit Risk

Financial instruments which potentially subject the institution to concentration of credit risk consist principally of temporary cash investments and parental receivables. Management places its temporary cash investments with high credit quality financial institutions. Concentration of credit risk with respect to parental receivables is limited due to the large number of parents; however, management evaluates each of these credit risks and establishes an appropriate allowance for doubtful accounts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recently Adopted Accounting Pronouncement

During 2022, the Diocesan High Schools adopted ASU 2020-07, *Presentation and Disclosure by Not-for-Profit Entities for Contributed Nonfinancial Assets*, which increased the transparency of contributed nonfinancial assets through enhancements to presentation and disclosure. The adoption of this guidance did not have a material impact on the Diocesan High Schools' financial statements.

June 30, 2022 and 2021

During 2022, the Diocesan High Schools adopted ASU 2018-14, *Compensation-Retirement Benefits-Defined Benefit Plans-General (Subtopic 715-20): Disclosure Framework-Changes to the Disclosure Requirements for Defined Benefit Plans.* This guidance intends to improve the effectiveness of disclosures in the notes to the financial statements by modifying disclosure requirements for employers that sponsor defined benefit pensions or other postretirement plans. The adoption of this guidance did not have a material impact on the Diocesan High Schools' financial statements.

Reclassifications

Certain amounts in the prior year's statement of activities and changes in net assets have been reclassified to conform to the presentation in the current year's financial statements primarily due to a recently adopted accounting pronouncement. This reclassification had no effect on the reported results.

NOTE C - PLEDGES RECEIVABLE, NET

A summary of pledges receivable is as follows at June 30:

	 2022	 2021

NOTE E - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 Quoted prices in active markets for identical assets or liabilities;
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the same term of the assets or liabilities; and
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Fair value calculations may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Diocesan High Schools believe their valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the fair values of the investments held by the Diocesan High Schools by level within the fair value hierarchy as of June 30:

Depreciation expense was \$7,575,580 and \$7,563,798 for the years ended June 30, 2022 and 2021, respectively.

On July 15, 2021, Diocesan High Schools sold its Archbishop Prendergast property in Drexel Hill, Pennsylvania for \$3,000,000 and recognized a gain of \$2,800,224.

On January 7, 2022, the Archdiocese entered into a purchase agreement with Rec Hallahan, LLC for the sale of the John W. Hallahan High School and former Cathedral School properties in Philadelphia, PA, and on March 17, 2022 the properties were sold for \$13,150,000. The proceeds were allocated between Office for Financial Services and Diocesan High Schools based on the respective square footage of the two buildings. The Diocesan High School received \$6,242,563 for its proportionate share and recognized a gain on sale of properties of \$4,355,201 in the June 30, 2022 statement of activities and changes in net assets.

Property held for sale

As of June 30, 2022, the Bishop McDevitt High School property in Wyncote, PA that was no longer in use was being held for sale. The carrying value of the asset held for sale previously classified under property and equipment, net, is presented in the statement of financial position. On January 24, 2022, the Archdiocese entered into a purchase agreement for the property with Arcadia University and on August 3, 2022, the property was sold for \$6,500,000.

NOTE H - ENDOWMENTS

The Diocesan High Schools' endowments consist of donor-restricted endowment funds established for a variety of purposes. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

For the majority of the endowments, the donor has directed how the earnings are to be used. When documentation does not provide specific direction, the Diocesan High Schools follow the Commonwealth of Pennsylvania Act 141.

Interpretation of Relevant Law

In accordance with Commonwealth of Pennsylvania Act 141, and unless directed otherwise by the donor, the Diocesan High Schools classify as net assets with donor restrictions: (a) the original value of gifts donated to the permanent endowment; (b) the original value of subsequent gifts to the permanent endowment; and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor-gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor restrictions until those amounts are appropriated for expenditure by the Diocesan High Schools in a manner consistent with the standard of prudence prescribed by relevant law. The Diocesan High Schools do not release any portion of the funds held in perpetuity. Pennsylvania law permits the Archdiocese of Philadelphia to release a percentage, which is elected annually, of the market value of its endowment funds into unrestricted income. The spending rate percentage, between 2% and 7%, is applied to the three-year average of the market value of the endowment funds' assets.

Return Objectives and Risk Parameters

The Diocesan High Schools have adopted investment policies established by the Investment Committee and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by their endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity. Under this policy, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of plus 3% over the consumer price index while assuming a moderate level of investment risk. The Diocesan High Schools expect their endowment funds, over time, to provide an average rate of return of approximately 5% annually. Actual returns in any given year may vary from that amount.

June 30, 2022 and 2021

Spending Policy

In accordance with state law, net realized and unrealized gains from funds held in perpetuity are included in net assets with donor restriction. Commonwealth of Pennsylvania law permits the Diocesan High Schools to adopt a spending policy for endowment earnings, subject to certain limitations. The Diocesan High Schools follow the total return concept of endowment investment and spending. Under this concept, a prudent amount of appreciation earned on the investments may be spent in the event that the interest and dividends earned are insufficient to meet that period's spending rate. The Diocesan High Schools' spending policy for the years ended June 30, 2022 and 2021 allowed for between a 2% and 7% draw of the three-year average market value of the permanently restricted endowments, unless directed otherwise by the donor.

As of June 30, 2022 and 2021, \$41,721,387 and \$41,310,591, respectively, in donor-restricted endowment funds held in perpetuity were included within net assets with donor restrictions.

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the original gift amount maintained as funds to be held in perpetuity. There were no such deficiencies of this nature as of June 30, 2022 and 2021.

The Diocesan High Schools had the following endowment activities during the years ended June 30, 2022 and 2021. All endowment activities were donor restricted.

Notes Payable to Related Parties

On June 1, 2012, the Archdiocese of Philadelphia and related entities entered into several Term Loan Agreements with participating Archdiocesan entities to retire outstanding external debt obligations. The Diocesan High Schools' loans were related to the construction of Bishop Shanahan High School and Pope John Paul II High School.

On June 1, 2012, the Diocesan High Schools entered into term loan agreements with a three-year maturity with the following entities:

OFS	\$ 3,000,000
000	3,000,000
CHCS as Administrative Agent	71,357,582

CHCS served as Administrative Agent for Catholic Charities (a.k.a. Catholic Social Services), St. John's Orphan Asylum, Don Guanella Village, St. Edmond's Home for Children, and Divine Providence Village.

On June 27, 2014, the loan agreements were amended to extend the maturity date and to settle certain amounts due to the entities. A new term loan agreement was established with the Trust and Loan Fund of the Archdiocese of Philadelphia as administered by OFS in the amount of \$4,200,000. The loan carries a fixed interest rate of 4% maturing on June 1, 2042.

On May 31, 2018, the Trust and Loan Fund of the Archdiocese of Philadelphia sold the principal amount of \$4,200,000 to the Archdiocese of Philadelphia Priests' Retirement Benefits Funding Trust. The sold Ioan was priced as of the transaction date by an independent financial firm, reflecting a slight discount. At the time of the sale, the outstanding principal amount of the Ioan was \$3,800,188. As a result of the sale, the stated interest rate of 4.0% remained the same, and there was a slight modification in the amortization schedule, which changed the maturity date to 2041.

During the years ended June 30, 2022 and 2021, the Diocesan High Schools made loan principal payments of \$1,669,654 and \$1,604,504, respectively.

The outstanding debt obligations at June 30 are as follows:

	 2022	 2021
Priest Pension Funding Trust Catholic Housing and Community Services	\$ 3,376,540 44,142,631	\$ 3,488,857 45,699,968
Total notes payable to related parties	\$ 47,519,171	\$ 49,188,825

The loans are collateralized by a first priority mortgage encumbering high school properties. In addition, the Archdiocese of Philadelphia pledges the high school revenue associated with these specific schools.

The principal payments relating to the notes payable to related parties are as follows for the years ending June 30:

2023 2024 2025 2026 2027 Thereafter	\$ 1,737,448 1,807,996 1,881,407 1,957,799 2,037,294 38,097,227

NOTE J - EMPLOYEE BENEFITS

Vacation

All full-time lay office and maintenance employees, upon completion of one full year of service, are eligible for paid vacations. The policy provides for compensated absences at varying amounts based on years of service.

Lay Employees' Retirement Plan - Frozen Effective June 30, 2014

Through June 30, 2014, the eligible lay employees of the Diocesan High Schools were covered under the Archdiocese of Philadelphia Lay Employees' Retirement Plan ("LERP"), which is a defined benefit pension plan covering substantially all lay employees of the Archdiocese of Philadelphia, based on age and service requirements. On June 30, 2014, the Archdiocese froze the LERP. All active employees as of the freeze date retained benefits they had earned through June 30, 2014. After the date of the freeze, accrued pension benefits do not increase for additional service or increases in pay. The LERP is administered by the trustees of the LERP.

The Diocesan High Schools made annual contributions to the LERP at an average rate of 5.9% of the salaries of the employees for the period from July 1, 2021 through June 30, 2022 and for the period August 14, 2020 through June 30, 2021 of \$2,384,579 and \$2,544,609, respectively. The expense of such contributions is included in employee benefits. Separate accounts for vested benefits and pension fund assets are not maintained for each institution.

Estimates of the actuarially determined present value of accumulated plan benefits at June 30, 2021 totaled approximately \$599,400,000. At June 30, 2022 and 2021, the assets available to provide for these benefits totaled approximately \$474,943,000 and \$573,800,000, respectively.

Archdiocese of Philadelphia 403(b) Retirement Plan

Effective July 1, 2014, the Archdiocese of Philadelphia established a 403(b) defined contribution plan. Under the 403(b) plan and subject to statutory limits, all employees at least 18 years of age are immediately eligible to make voluntary deferred salary contributions into the 403(b) plan.

Employer contributions, which cover employees meeting the eligibility requirements below, are discretionary. The following are the eligibility requirements for employer contributions:

Grandfathered Employees - Any employee who was accruing benefits as an active participant in the LERP as of its freeze date of June 30, 2014 is a grandfathered employee and will be eligible to receive employer contributions.

Non-Grandfathered Employees - Non-grandfathered employees are eligible to receive the employer contributions generally upon completion of 1,000 hours of service in the relevant measurement period.

Vesting in employer contributions is immediate for grandfathered employees who have completed 12 months of service as of June 30, 2014. Vesting in employer contributions for all other employees will take place after the completion of 12 months of service. For the years ended June 30, 2022 and 2021, the Archdiocese of Philadelphia employer contribution rate was 4.5% of base salary for eligible employees, and there was a 0.35% charge for administration. The contributions by the Diocesan High Schools into the 403(b) plan totaled \$1,692,329 and \$1,916,807 and the administrative charges totaled \$124,877 and \$133,616 for the years ended June 30, 2022 and 2021, respectively.

Non-Pension Retirement Benefits

Lay teachers are provided postretirement benefits if they meet certain conditions. Pursuant to ASC 715, *Compensation - Retirement*, such postretirement benefits are recognized on the accrual basis; that is, over the estimated service life of the employee.

In accordance with the agreement between the Association of Catholic Teachers Local Union No. 1776 National Association of Catholic Teachers and the Secondary School System of the Archdiocese of Philadelphia (the "Teachers' Agreement"), a teacher who has 25 years of service, is between the ages of 59½ and 65, and is eligible for and elects to begin receiving an early retirement pension under the terms of the LERP, shall have the option at the time of their retirement of having the full cost of the medical insurance premium paid to a maximum of \$10,000 per year or of receiving \$5,000 per year as a supplement to their early retirement pension. A teacher who has 25 years of service, is between the ages of 55 and 65, and is eligible for and elects to begin receiving a disability retirement pension under the terms of the LERP, shall have the option at the time of their retirement of having the full cost of the medical insurance premium paid to a maximum of \$10,000 per year or of receiving \$5,000 per year as a supplement to their early retirement pension. A teacher who has 25 years of service, is between the ages of 55 and 65, and is eligible for and elects to begin receiving a disability retirement pension under the terms of the LERP, shall have the option at the time of their retirement of having the full cost of the medical insurance premium paid to a maximum of \$10,000 per year or of receiving \$5,000 per year as a supplement to their early retirement pension. These payments shall cease at the beginning of the month the teacher reaches the normal retirement age as defined by the LERP. The teacher shall have the option of changing their election of coverage one time during the period in which the teacher retires and subsequently attains the normal retirement age.

In the Teachers' Agreement, each teacher is entitled to 12 sick days with full pay during each school year, which could be accumulated indefinitely prior to August 31, 2012. Beginning September 1, 2012, sick days may only be accumulated up to 300 days. In the event that a teacher has already accumulated more than 300 days, the teacher will retain the accumulated sick days but cannot accumulate additional days until all days over 300 have been used.

Upon retirement, a teacher may redeem all unused sick days up to a maximum of 200 days at the rate of \$50 per day. For teachers hired effective September 1, 1992 through August 31, 1994, the maximum number of unused sick days redeemable upon retirement will be 100. For teachers hired beginning with the 1994-95 school year, the maximum number of unused sick days redeemable upon retirement will be 75.

The Diocesan High Schools present the funded status of the non-pension retirement benefits in the statement of financial position. The funded status of the LERP is measured as the difference between the plan assets at fair value, if any, and the accumulated postretirement benefit obligation.

Lessor

On September 16, 2021, the Archdiocese entered into a Master Development Agreement with EM WC Chestnut, LLC, a Delaware limited liability company ("EMWC"). The Master Development Agreement grants EMWC the right to ground lease and develop the Archdiocese's property located at 4519-45 Chestnut Street, Philadelphia PA 19139, and containing one surface parking lot adjacent to the West Catholic Preparatory High School (WCPHS). EMWC plans to develop the site into a mixed-use, residential, and retail destination. The Master Development Agreement provides for EMWC to ground lease the sites.

The ground lease commenced on February 22, 2022, upon closing, the Diocesan High Schools received an upfront lease payment of \$12,500,000. A memorandum of understanding between the Archbishop, WCPHS and the Faith in the Future Foundation established that these funds would be used to extinguish the debt of the WCPHS, to fund up to \$1,000,000 in capital improvements, and to establish a new quasiendowment fund for the benefit of WCPHS.

In addition to the upfront lease payment, the Diocesan High School will receive annual lease payments at the beginning of year 5 of the agreement as follows:

- Years 5 through 14: annual lease payments of \$11,000
- Years 15 through 24: annual lease payments of \$12,100
- Years 25 through 34: annual lease payments of \$13,310
- Years 35 through 44: annual lease payments of \$14,641
- Years 45 through 54: annual lease payments of \$16,105
- Years 55 through 64: annual lease payments of \$17,716
- Years 65 through 74: annual lease payments of \$19,487
- Years 75 through 84: annual lease payments of \$21,436
- Years 85 through 94: annual lease payments of \$23,579
- Years 95 through 99: annual lease payments of \$25,937

As a real estate lease, the Diocesan High Schools has deferred the lease rental payments received to date and is recognizing these payments into income on a straight-line basis over the life of the lease.
